About Me

I am a Computer Science student at The Open University of Israel with a recent certification in Full Stack Development, specializing in Java and ReactJS. I have hands-on experience building web applications, solving complex technical problems, and a commitment to deliver impactful solutions, I am eager to grow in a software development role.

Skills

- Java Spring
- React.js
- HTML/CSS
- Rest APIs
- Node.js
- Python
- MySQL/PostgreSQL

Education

The Open University of Israel
B.Sc Computer Science
2022 - Current

John Bryce training
Full Stack Development - Java
2023 - 2024

Work Experience

Security Operations Center (SOC) Analyst

Ness Technologies

2024 - Current

- Monitored security events using SIEM tools & threat intelligence.
- Investigated incidents & identified IoCs across networks & endpoints.
- Performed log analysis & escalated threats to incident response teams.
- Documented findings & improved response processes.

Technical Support Staff

Ness Technologies

2022- 2024

Respond and work with clients to resolve numerous technical support related issues such as:

- Technical error troubleshooting
- Client interface troubleshooting and walkthrough
- Communicating with and reporting to engineers on escalated issues

Software Engineer Summer Internship

Mint Media

May 2022 - July 2022

- Supported client projects involving Python for data analysis and back-end development.
- Worked on integrating Flask frameworks to create lightweight web applications.
- Contributed to automating workflows by creating scripts for data cleaning and extraction.

Projects

Coupon Management System

A web app for businesses to manage customer coupons.

- Tech: Java Spring (backend), React + TypeScript (frontend), MySQL
- Designed the database, built REST APIs, and created a responsive user interface.

Personal Portfolio Website

A modern portfolio website.

- Built with React (TypeScript), NodeJS, Tailwind CSS, PostgreSQL & Vercel.
- Showcases projects & skills with modern, responsive design.
- Integrated unified API handler & serverless functions.
