MAX
MULLOKANDOV

ABOUT ME

I am a Computer Science student at The Open University of Israel with a recent certification in Full Stack Development, specializing in Java and ReactJS. I'm eager to apply my front-end and back-end skills in a software development role where I can contribute to impactful projects. My technical expertise, along with my experience in client support, makes me a strong asset to any development team.

B.Sc Computer Science
The Open University of Israel
2022 - Present

Full Stack Development - Java
John Bryce training
October 2023 - July 2024

MILITARY SERVICE

Air Force Mobile Mechanic
2014 - 2017

PROJECTS

Coupon Management System - A web application that allows businesses to manage customer coupons efficiently. Developed using Java Spring for the backend and React with TypeScript for the frontend. My role included designing the database schema, implementing RESTful APIs, and ensuring a responsive user interface.
